

ML1610

DATA SHEET

Large marking window, ideal for **integration systems**.

Marking of great **depth** and **precision** on all types of materials and hardness.

Compact and **robust** low maintenance design

Marking Area	155 x 95 mm
Marking Speed	8 caract/s
Marking Depth	max 0.8 mm
Character Heights	1 - 20mm
Air Pressure	max. 6 bar
Weight	7.5 kg
Cable Length	3.5 m
Interchangeable pneumatic cylinder	Typ N-14, N-20, N-34
